19th Multidisciplinary Management of Cancers: A CASE-BASED APPROACH

SPONSORED BY the Association of Northern California Oncologists, Stanford Cancer Institute, UC Davis Comprehensive Cancer Center, and UCSF Helen Diller Family Comprehensive Cancer Center.

2019 TUMOR BOARD CASES AND PANELS

- Breast Cancer
- Gastrointestinal Cancers
- Genitourinary Cancers
- Head and Neck/Non-Thyroid Cancers
- Hematologic Malignancies
- Lymphoma
- Melanoma
- Sarcoma
- Thoracic Cancer

March 15-17, 2019
Silverado Resort & Spa
Napa, California
Multidisciplinary Management of Cancers: A Case-based Approach

CONFERENCE DESCRIPTION
This conference will present the most current information on multidisciplinary approaches in clinical oncology and will consist of tumor board cases on breast, gastrointestinal, genitourinary, head and neck/non-thyroid, hematologic malignancies, lymphoma, melanoma, sarcoma, and thoracic cancers. The tumor board cases will be presented by faculty, with discussion by a panel of surgical, radiation, and medical oncologists from Stanford, UC Davis, UC San Francisco, and the practice community.

TARGET AUDIENCE
This course is designed for physicians specializing in medical, surgical, and radiation oncology as well as nurses, pharmacists, and other allied health professionals who work with cancer patients.

STATEMENT OF EDUCATIONAL NEED
Because the standard of care in oncology changes rapidly with new discoveries, there is a need for frequent updates of practical relevance for the practicing oncologist. This conference will emphasize standard of care issues for various cancers including diagnostic and therapeutic decision-making and optimal approaches to supportive and palliative care. The faculty at the Stanford Cancer Institute, UC Davis Comprehensive Cancer Center, and UCSF Helen Diller Family Comprehensive Cancer Center put a premium on optimal multidisciplinary modeling treatment and education of the practicing oncologist to ensure they are up to date. The American Society for Clinical Oncology recommends this multidisciplinary meeting format. This symposium and its faculty specifically address the clinical guidelines set forth by the National Comprehensive Cancer Network.

LEARNING OBJECTIVES
At the conclusion of this activity, participants will be able to:
1. Develop multidisciplinary treatment strategies based on national clinical practice guidelines in oncology in order to improve quality of care for cancer patients.
2. Discuss relevant clinical trials with cancer patients and refer appropriately.

CONFERENCE FORMAT
The format of the conference is oriented around tumor board cases. We will use an interactive group response system with an electronic keypad for each participant during the case discussions. We encourage you to submit cases for discussion.

CALL FOR CASE SUBMISSIONS
Registrants are encouraged to submit a case or cases for the panels to discuss. Deadline for case submissions is Friday, December 28, 2018. The organizing committee and panel chairs will select cases. Please visit the course website for the case submission form: www.multicancers.org.

ACCREDITATION AND CREDIT DESIGNATION
The University of California, San Francisco, Office of Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of California, San Francisco, Office of Continuing Medical Education designates this live activity for a maximum of 15.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. This CME activity meets the requirements under California Assembly Bill 1195, continuing education and cultural and linguistic competency.

Nurses: The California Board of Registered Nursing recognizes that Continuing Medical Education (CME) is acceptable for meeting RN continuing education requirements, as long as the course is certified for AMA PRA Category 1 Credits™ (rn.ca.gov). Nurses will receive a Certificate of Attendance following this activity that may be used for license renewal.

Physician Assistants: AAPA accepts Category 1 credit from AOACCME, prescribed credit from AAFP, and AMA PRA Category 1 Credits™ from organizations accredited by the ACCME.

FACULTY DISCLOSURE
The University of California, San Francisco, Office of Continuing Medical Education adheres to the ACCME standards for commercial support. Disclosure of faculty and financial relationships will be made prior to the activity.

MESSAGE from the Co-Directors

Dear Colleagues,

It is a pleasure for us to invite you to the 19th Multidisciplinary Management of Cancers meeting to be held March 15-17, 2019. The 2019 program represents a collaborative effort of expert clinicians from the Stanford Cancer Institute, University of California, Davis, University of California, San Francisco, and the Association of Northern California Oncologists.

Based on the recurrent enthusiasm for a case-oriented approach we once again will be tackling some of the toughest cases, heavily relying upon audience participation and feedback. Community oncologists will be represented on the panels as well. With that in mind, we remind you that we look forward to your submission of real cases to discuss. Using our online case submission form, please submit cases to us by the end of December 2018. We will select cases from among those submitted for presentation.

Our primary goal for this meeting, as always, is to provide learners with the latest developments in the multidisciplinary management of cancers.

Space is limited so register early. We look forward to your participation at this meeting.

Sincerely,

A. Dimitrios Colevas, MD  
Conference Co-Director  
Professor of Medicine (Oncology)  
and by courtesy, Otolaryngology, Head and Neck Surgery, Stanford University School of Medicine

David Gandara, MD  
Conference Co-Director  
Thoracic Oncology Program, UC Davis Health System;  
Professor, UC Davis Medical School;  
Senior Advisor to Director, UC Davis Comprehensive Cancer Center

Margaret Tempero, MD  
Conference Co-Director  
Director, UCSF Pancreas Center;  
Leader, Pancreas Cancer Program,  
Professor of Medicine, Division of Hematology and Oncology, UC San Francisco
